NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. Basis of Presentation, Nature of Business and Summary of Significant Accounting Policies –

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared according to the instructions to Form 10-Q and Section 210.8-03(b) of Regulation S-X of the Securities and Exchange Commission (SEC) and, therefore, certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) have been omitted.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three month period ended March 31, 2018 are not necessarily indicative of the results that may be expected for the year ending December 31, 2018.

For further information, refer to the Condensed Consolidated Financial Statements and footnotes thereto included in our Form 10-K for the year ended December 31, 2017. The condensed consolidated balance sheet at December 31, 2017, has been derived from the audited consolidated financial statements at that date, but does not include all of the information and footnotes required by GAAP.

Nature of Business

Western Capital Resources, Inc. (WCR) is a parent company owning operating subsidiaries, with percentage owned shown parenthetically, as summarized below.

- Cellular Retail
 - PQH Wireless, Inc. (PQH) (100%) – operates 236 cellular retail stores as of March 31, 2018 (179 100% owned plus 57 through a 70% owned subsidiary), as an exclusive dealer of the Cricket brand.
- Direct to Consumer
 - J & P Park Acquisitions, Inc. (JPPA) (100%) – an online and direct marketing distribution retailer of 1) live plants, seeds, holiday gifts and garden accessories selling its products under Park Seed, Jackson & Perkins, and Wayside Gardens brand names and 2) home improvement and restoration products operating under the Van Dyke’s Restorers brand, as well as a seed wholesaler under the Park Wholesale brand.
 - J & P Real Estate, LLC (JPRE) (100%) – owns real estate utilized as JPPA’s distribution and warehouse facility and the corporate offices of JPPA.
- Consumer Finance
 - Wyoming Financial Lenders, Inc. (WFL) (100%) – owns and operates “payday” stores (40 as of March 31, 2018) in seven states (Colorado, Iowa, Kansas, Nebraska, North Dakota, Wisconsin and Wyoming) providing sub-prime short-term uncollateralized non-recourse “cash advance” or “payday” loans typically ranging from \$100 to \$500 with a maturity of generally two to four weeks, sub-prime short-term uncollateralized non-recourse installment loans typically ranging from \$300 to \$800 with a maturity of six months, check cashing and other money services to individuals.
 - Express Pawn, Inc. (EPI) (100%) – owns and operates retail pawn stores (three as of March 31, 2018) in Nebraska and Iowa providing collateralized non-recourse pawn loans and retail sales of merchandise obtained from forfeited pawn loans or purchased from customers.
- Discontinued Operations 2017 - Franchise
 - AlphaGraphics, Inc. (AGI) – franchisor of domestic and international AlphaGraphics Business Centers which specialize in the planning, production, and management of visual communications for businesses and individuals throughout the world. AGI was sold on October 2, 2017.

References in these financial statement notes to “Company” or “we” refer to Western Capital Resources, Inc. and its subsidiaries. References to specific companies within our enterprise, such as “PQH,” “JPPA,” “JPRE,” “WFL,” “EPI” or “AGI” are references only to those companies.

Basis of Consolidation

The consolidated financial statements include the accounts of the WCR, its wholly owned subsidiaries and other entities in which the Company owns a controlling financial interest. For financial interests in which the Company owns a controlling financial interest, the Company applies the provisions of Financial Accounting Standards Board Accounting Standards Codification (ASC) 810, "Consolidation" applicable to reporting the equity and net income or loss attributable to noncontrolling interests. All significant intercompany balances and transactions of the Company have been eliminated in consolidation, with the exception of the presentation of dividends received from discontinued subsidiary operations in the Condensed Consolidated Statement of Cash Flows.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that may affect certain reported amounts and disclosures in the consolidated financial statements and accompanying notes. Management bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from those estimates. Significant management estimates relate to the loans and accounts receivable allowance, carrying value and impairment of long-lived goodwill and intangible assets, inventory valuation and obsolescence, estimated useful lives of property and equipment, gift certificate and merchandise credits liability and deferred taxes and tax uncertainties.

Reclassifications

Certain Statements of Income and Statements of Cash Flows reclassifications have been made in the presentation of our prior financial statements and accompanying notes to conform to the presentation as of and for the three months ended March 31, 2018.

In accordance with ASC 205-20-45-6, interest on debt required to be paid as a result of our Franchise segment disposal transaction has been allocated to discontinued operations and, in accordance with ASC 205-20-45-9, general corporate overhead has not been allocated to discontinued operations. These re-allocations and related income tax have been made in the presentation of our prior financial statements and accompanying notes.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued a comprehensive new revenue recognition standard that will supersede nearly all existing revenue recognition guidance under US GAAP. This standard is effective for annual and interim periods beginning after December 15, 2017. The Company has adopted this standard as of January 1, 2018 applying it on a retrospective basis as of the date adopted and determined it had no impact on our financial condition, results of operations and consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842), related to recognition of lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements. The ASU is effective for annual reporting periods beginning after December 15, 2018, including interim periods within that annual period, with early adoption permitted and to be applied using a modified retrospective approach. The Company is currently evaluating the impact the ASU will have on our financial condition, results of operations and consolidated financial statements and expects its adoption to have a material impact on our financial condition due to a material addition of operating lease assets and liabilities in accordance with the ASU.

No other new accounting pronouncements issued or effective during the fiscal year have had or are expected to have a material impact on the consolidated financial statements.

2. Risks Inherent in the Operating Environment –

Regulatory

The Company's Consumer Finance segment activities are highly regulated under numerous federal, state, and local laws, regulations and rules, which are subject to change. New laws, regulations or rules could be enacted or issued, interpretations of existing laws, regulations or rules may change and enforcement action by regulatory agencies may intensify. Over the past several years, consumer advocacy groups and certain media reports have advocated governmental and regulatory action to prohibit or severely restrict sub-prime lending activities of the kind conducted by the Company. After several years of research, debate, and public hearings, in October 2017 the U.S. Consumer Financial Protection Bureau (CFPB) issued new rules for payday lending. The proposed rules, scheduled to go into effect in August 2019, would impose significant restrictions on the industry, and it is expected that a large number of lenders would be forced to close their stores. The CFPB's studies projected a reduction in the number of lenders by 50%, while industry studies forecast a much higher attrition rate. At this time it is uncertain whether the rule will be implemented as announced, rewritten with more favorable terms for the industry, or thrown out altogether. If the rule is implemented as written, it could have a significant and negative impact on business conducted within our Consumer Finance segment.

The above rule or any other adverse change in present federal, state, or local laws or regulations that govern or otherwise affect lending could result in the Consumer Finance segment's curtailment or cessation of operations in certain or all jurisdictions or locations. Furthermore, any failure to comply with any applicable federal, state or local laws or regulations could result in fines, litigation, closure of one or more store locations or negative publicity. Any such change or failure would have a corresponding impact on the Company's and segment's results of operations and financial condition, primarily through a decrease in revenues resulting from the cessation or curtailment of operations, decrease in operating income through increased legal expenditures or fines, and could also negatively affect the Company's general business prospects due to lost or decreased operating income or if negative publicity affects its ability to obtain additional financing as needed.

In addition, the passage of federal, state or local laws and regulations or changes in interpretations of them could, at any point, essentially prohibit the Consumer Finance segment from conducting its lending business in its current form. Any such legal or regulatory change would certainly have a material and adverse effect on the Company, its operating results, financial condition and prospects, and perhaps even the viability of the Consumer Finance segment.

3. Cash Equivalents and Investments –

The following table shows the Company's cash equivalents and held-to-maturity investments, by significant investment category, recorded as cash equivalents or short- and long-term investments as of March 31, 2018 and December 31, 2017:

7. Inventory –

Finished goods inventory, net of allowance, by segment consists of the following:

	Three Months Ended March 31, 2018	Year Ended December 31, 2017
Cellular Retail	\$ 5,742,969	\$ 5,287,932
Direct to Consumer	3,457,377	2,988,052
Consumer Finance	810,357	854,858
	<u>\$ 10,010,703</u>	<u>\$ 9,130,842</u>

8. Notes Payable – Long Term –

	March 31, 2018	December 31, 2017
Subsidiary subordinated note payable to seller with monthly interest only payments at 6%, guaranteed by PQH, maturing August 5, 2022 when the principal balance is due.	789,216	789,216
Total	789,216	789,216
Less current maturities	—	—
	<u>\$ 789,216</u>	<u>\$ 789,216</u>

The Company is party to a Credit Agreement with a financial institution entered into on April 22, 2016 and subject to subsequent amendments. The Credit Agreement provides the Company with a revolving line of credit facility in an aggregate amount up to \$3,000,000, having a maturity date of April 21, 2018 and an acquisition loan facility in an aggregate amount of up to \$9,000,000, having a maturity date of April 21, 2018. The revolver and the acquisition loan facility bear interest at a floating per annum rate equal to one-month LIBOR plus 3.50%, adjusted on a monthly basis. Funds advanced under the acquisition loan facility mature five years from the date of advance. At March 31, 2018, the entire \$12,000,000 of credit was available under the credit facilities. See Notes 14 and 15 for additional terms, conditions and amendment related to the Credit Agreement.

9. Income Taxes –

The provision for income taxes for continuing operations is 121.3% and 37.1% of income before the provision for income taxes for the three month period ended March 31, 2018 and 2017, respectively. The significant difference in rate is the result of the 2018 net income attributable to noncontrolling interests not being subjected to income tax at the corporate level. Rather the “passthrough” taxable income is taxed to the noncontrolling interests at an individual level.

10. Cash Dividends –

Date declared	January 18, 2018

	<u>\$ 2,695,240</u>	<u>\$ 2,741,787</u>

12. Discontinued Operations –

As more fully disclosed in Note 19 of the Notes to Consolidated Financial Statements for the year ended December 31, 2017, on October 3, 2017 the Company closed on the sale of its franchise segment.

In accordance with the provisions of ASC 205-20, the Company has not included the results of operations of the Franchise segment in the results from continuing operations. The results of operations for this business have been reflected as discontinued operations in the unaudited Condensed Consolidated Statements of Operations for the three month periods ended March 31, 2017, and consist of the following:

	Three Months Ended
	March 31, 2017
REVENUES OF DISCONTINUED OPERATIONS	\$ 3,943,309
COST OF REVENUES OF DISCONTINUED OPERATIONS	<u>648,197</u>

In accordance with the provisions of ASC 205-20, the Company has separately reported the cash flow activity of the discontinued operations of the Franchise segment in the Consolidated Statements of Cash Flows. The cash flow activity from discontinued operations have been reflected as discontinued operations in the Consolidated Statements of Cash Flows for the three month period ended March, 2017, and consist of the following:

	Three Months Ended
	March 31, 2017
DISCONTINUED OPERATING ACTIVITIES	
Net income of discontinued operations	\$ 658,321
Adjustments to reconcile net income of discontinued operations to net cash provided by operating activities of discontinued operations:

14. Commitments and Contingencies –

Employment Agreements

Pursuant to the Company's numerous employment agreements, bonuses for continuing operation of approximately \$73,000 and \$256,000 were accrued for the three month periods ended March 31, 2018 and 2017, respectively.

Credit Facility

The Company is party to a Credit Agreement with a financial institution. Certain Company subsidiaries are guarantors of the borrowings and obligations under the Credit Agreement. All borrowings under the Credit Agreement are secured by substantially all assets of WCR and the guarantor subsidiaries.

The Credit Agreement requires WCR to meet certain financial tests, including a leverage ratio and a fixed charge coverage ratio, as defined in the Credit Agreement. Subject to certain exceptions, the Credit Agreement contains covenants limiting the Company's ability to (or to permit the guarantor subsidiaries to) merge or consolidate with, or engage in a sale of substantially all assets to, any party, but WCR or any guarantor subsidiary generally may nonetheless merge with another party if (i) WCR or guarantor subsidiary is the entity surviving such merger, and (ii) immediately after giving effect to such merger, no default shall have occurred and be continuing under the Credit Agreement. Subject to certain exceptions, the Credit Agreement also contains covenants limiting WCR's ability to (or to permit the guarantor subsidiaries to) create liens on assets, incur additional indebtedness, make certain types of investments, and pay dividends or make certain other types of restricted payments, but WCR may nonetheless pay dividends to its shareholders if (a) there are no outstanding loans or unpaid interest under the revolving credit facility, and (b) no default shall have occurred and be continuing under the Credit Agreement. Some covenant waivers were granted by the financial institution during the period ended March 31, 2018.

Assigned Leases

The Company's Cellular Retail segment has transferred operations of 37 locations to other dealers. Minimum lease payments of assigned or assumed non-cancelable operating leases related to transferred locations in which a release has not been obtained from the lessor are approximately \$3,000,000 as of March 31, 2018.

15. Subsequent Events –

Credit Facility

On April 26, 2018 the Company entered into a Fourth Loan Modification Agreement related to the Credit Agreement with a financial institution, pursuant to which, among other things, the maturity date of the Credit Agreement was extended to April 21, 2020 and the financial covenants were modified by removing the consolidated leverage ratio and consolidated fixed charge coverage ratio covenants and adding a minimum liquidity covenant.

Dividend Declared

Our Board of Directors declared the following dividend:

Date declared	May 2, 2018
Record date	May 17, 2018
Date paid	May 24, 2018
Dividend per share of common stock	\$ 0.05

We evaluated all events or transactions that occurred after March 31, 2018 up through the date we issued these financial statements. During this period we did not have any material subsequent events that impacted our financial statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

Some of the statements made in this report are “forward-looking statements,” as that term is defined under Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements are based upon our current expectations and projections about future events. Whenever used in this report, the words “believe,” “anticipate,” “intend,” “estimate,” “expect” and similar expressions, or the negative of such words and expressions, are intended to identify forward-looking statements, although not all forward-looking statements contain such words or expressions. The forward-looking statements in this report are primarily located in the material set forth under the heading “Management’s Discussion and Analysis of Financial Condition and Results of Operations” (Part I, Item 2), but may be found in other parts of this report as well. These forward-looking statements generally relate to our plans, objectives and expectations for future operations and are based upon management’s current estimates and projections of future results or trends. Although we believe that our plans and objectives reflected in or suggested by these forward-looking statements are reasonable, we may not achieve these plans or objectives. You should read this report completely and with the understanding that actual future results may be materially different from what we expect. We will not necessarily update forward-looking statements even though our situation may change in the future.

Specific factors that might cause actual results to differ from our expectations embodied in our forward-looking statements, or that might affect the value of the common stock, include but are not limited to:

- the seasonal nature of the products sold in our Direct to Consumer segment - a significant portion of pre-tax net income contributed by the segment is earned during the months of March through May and December, consequently the third quarter of each year typically results in a net loss;
- the success of new stores related to our expansion plans in the Cellular Retail segment;
- changes in federal, state or local laws and regulations governing lending practices, or changes in the interpretation of such laws and regulations;
- litigation and regulatory actions directed toward us or the industries in which we operate, particularly in certain key states or nationally;
- our need for additional financing;
- unpredictability or uncertainty in financing markets which could impair our ability to grow our business through acquisitions;
- changes in Cricket dealer compensation;
- failure of or disruption caused by a significant vendor;
- outside factors that affect our ability to obtain product and fulfill orders; and
- our ability to successfully operate or integrate recent or future business acquisitions.

Other factors that could cause actual results to differ from those implied by the forward-looking statements in this report are more fully described in the “Risk Factors” section of our Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

Industry data and other statistical information used in this report are based on independent publications, government publications, reports by market research firms or other published independent sources. Some data is also based on our good faith estimates, derived from our review of internal surveys and the independent sources listed above. Although we believe these sources are reliable, we have not independently verified the information.

OVERVIEW

Western Capital Resources, Inc. (WCR or Western Capital), a Delaware corporation originally incorporated in Minnesota in 2001 and reincorporated in Delaware in 2016, is a holding company having a controlling interest in subsidiaries operating in the following industries and operating segments:

Our “Cellular Retail” segment is comprised of an authorized Cricket Wireless dealer and involves the retail sale of cellular phones and accessories to consumers through our wholly owned subsidiary PQH Wireless, Inc. and its subsidiaries, one of which is 70% owned. Our “Direct to Consumer” segment consists of a wholly owned online and direct marketing distribution retailer of live plants, seeds, holiday gifts and garden accessories selling its products under Park Seed, Jackson & Perkins and Wayside Gardens brand names and home improvement and restoration products operating as Van Dyke’s Restorers as well as a wholesaler under the Park Wholesale brand. Our “Consumer Finance” segment consists of retail financial services conducted through our wholly owned subsidiaries Wyoming Financial Lenders, Inc. and Express Pawn, Inc. Throughout this report, we collectively refer to WCR and its consolidated subsidiaries as “we,” the “Company,” and “us.”

Discussion of Critical Accounting Policies

Our condensed consolidated financial statements and accompanying notes have been prepared in accordance with accounting principles generally accepted in the United States of America applied on a consistent basis. The preparation of these financial statements requires us to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. We evaluate these estimates and assumptions on an ongoing basis. We base these estimates on the information currently available to us and on various other assumptions that we believe are reasonable under the circumstances. Actual results could vary materially from these estimates under different assumptions or conditions.

Our significant accounting policies are discussed in Note 1, “Basis of Presentation, Nature of Business and Summary of Significant Accounting Policies,” of the notes to our condensed consolidated financial statements included in this report. We believe that the following critical accounting policies affect the more significant estimates and assumptions used in the preparation of our condensed consolidated financial statements.

Loan Loss Allowance

Included in loans receivable are unpaid principal, interest and fee balances of payday, installment, pawn and title loans that have not reached their maturity date, and “late” payday loans that have reached maturity within the last 180 days and have remaining outstanding balances. Late payday loans generally are unpaid loans where a customer’s personal check has been deposited and the check has been returned due to non-sufficient funds in the customer’s account, a closed account, or other reasons. All returned items are charged-off after 180 days, as collections after that date have not been significant. Loans are carried at cost plus accrued interest or fees through maturity date, less payments made and a loans receivable allowance.

The Company does not specifically reserve for any individual payday, installment or title loan. The Company aggregates loan types for purposes of estimating the loss allowance using a methodology that analyzes historical portfolio statistics and management’s judgment regarding recent trends noted in the portfolio. This methodology takes into account several factors, including (1) the amount of loan principal, interest and fee outstanding, (2) historical charge offs from loans that originated during the last 24 months, (3) current and expected collection patterns and (4) current economic trends. The Company utilizes a software program to assist with the tracking of its historical portfolio statistics. A loan loss allowance is maintained for anticipated losses for payday and installment loans based primarily on our historical percentages by loan type of net charge offs, applied against the applicable balance of loan principal, interest and fees outstanding. The Company also periodically performs a look-back analysis on its loan loss allowance to verify the historical allowance established tracks with the actual subsequent loan write-offs and recoveries. The Company is aware that as conditions change, it may also need to make additional allowances in future periods. Loan losses or charge-offs of pawn or title loans are not recorded because the value of the collateral exceeds the loan amount. See Note 5 to our condensed consolidated financial statements included in this report for a rollforward of our loans receivable allowance.

Valuation of Long-lived and Intangible Assets

We assess the possibility of impairment of long-lived assets, other than goodwill, whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Factors that could trigger an impairment review include significant underperformance relative to expected historical or projected future cash flows, significant changes in the manner of use of acquired assets or the strategy for the overall business, and significant negative industry events or trends.

Goodwill

Goodwill represents the excess of acquisition cost over the fair value of identifiable finite lived net assets acquired and is not amortized. Goodwill is tested for impairment annually as of October 1, or more frequently if events or changes in circumstances indicate potential impairment. We test for goodwill impairment at the reporting unit level, which aligns with the Company's segments. We perform a qualitative assessment to determine if a quantitative impairment test is necessary. If quantitative testing is necessary based on a qualitative assessment, we apply a fair value test. This fair value test involves a two-step process. The first step is to compare the carrying value of our net assets to our fair value. If the fair value is determined to be less than the carrying value, a second step is performed to measure the amount of the impairment, if any.

Results of Operations – Three Months Ended March 31, 2018 Compared to Three Months Ended March 31, 2017

Net income (loss) for continuing operations attributable to our common shareholders was \$(0.17) million, or (\$0.02) per share (basic and diluted), for the quarter ended March 31, 2018, compared to \$1.61 million, or \$0.17 per share (basic and diluted), for the quarter ended March 31, 2017.

We expect segment operating results and earnings per share to change throughout 2018 due, at least in part, to the seasonality of the Direct to Consumer and Cellular Retail segments, retraction in the Cellular Retail segment, and potential mergers and acquisitions activity.

Following is a discussion of operating results by segment.

The following table provides revenues and net income attributable to WCR common shareholders by continuing operating segment for the quarters ended March 31, 2018 and March 31, 2017 (in thousands):

	<u>Cellular Retail</u>	<u>Direct to Consumer</u>	<u>Consumer Finance</u>	<u>Corporate</u>	<u>Total</u>

Cellular Retail

A summary table of the number of Cricket cellular retail stores we operated during the quarter ended March 31, 2018 and 2017 follows:

	<u>2018</u>	<u>2017</u>
Beginning	278	198
Acquired/ Launched	1	46
Closed/Transferred	(43)	—
Ending	<u>236</u>	<u>244</u>

The Cellular Retail segment has achieved substantial growth in location count since the beginning of 2017 as a result of our expansion initiative. While some newly launched locations are performing well, others have been slow to ramp up. Due to the underperformance, as is evident in the number of locations closed or transferred to other Cricket dealers thus far in 2018, we have accelerated store count reductions that we had anticipated occurring at a later date. Because the growth initiative included leased properties with three to five year terms, there will be additional costs incurred to terminate leases or sublet leased properties of closed locations.

Direct to Consumer

The Direct to Consumer segment has seasonal sources of revenue and historically experiences a greater proportion of annual revenue and net income in the months of March through May and December due to the seasonal products it sells. For the current quarter, the Direct to Consumer segment had net income of \$0.33 million compared to net income of \$0.87 million for the comparable prior year period. Revenues for the three month period ended March 31, 2018 were \$10.68 million compared to \$11.90 million for the comparable period in 2017. In 2018 we have experienced some delays in sales due to weather conditions and shipping zones not opening up as early as 2017. In the quarter ended March 31, 2018 we incurred approximately \$222,000 of nonrecurring expenses to relocate distribution for our Van Dyke's Restorers brand. Distribution services previously provided by an outsourced 3PL will now be performed in-house from our South Carolina facility.

Consumer Finance

A summary table of the number of consumer finance locations we operated during the quarters ended March 31, 2018 and 2017 follows:

	<u>2018</u>	<u>2017</u>
Beginning	41	41
Acquired/ Launched	—	—
Closed	—	—
Ending	<u>41</u>	<u>41</u>

Our Consumer Finance segment revenues decreased \$0.72 million, or 2.6%, for the quarter ended March 31, 2018 compared to the quarter ended March 31, 2017. Our net income for the same period increased 30.3% over the same period of the prior year largely due to reduction of ongoing expenses and income tax expense.

Corporate

Costs related to our Corporate segment were \$0.27 million for the quarter ended March 31, 2018 compared to \$0.18 million for the quarter ended March 31, 2017. The period over period increase is primarily due to interest expense. Because we have no outstanding balances on the parent level credit facility and no operating segment is receiving direct benefit from it, current period unused line fees and amortization of loan costs have been treated as a corporate expense.

Consolidated Income Tax Expense

Provision for income tax benefit for continuing operations for the quarter ended March 31, 2018 was (\$0.08) million compared to income tax expense of \$0.95 million for the quarter ended March 31, 2017 for an effective rate of 121.30% and 37.10%, respectively. The significant difference in rate is the result of the 2018 net income attributable to noncontrolling interests not being subjected to income tax at the corporate level. Rather the "passthrough" taxable income is taxed to the noncontrolling interests at an individual level.

Liquidity and Capital Resources

Summary cash flow data is as follows:

	<u>Three Months Ended March 31,</u>	
	<u>2018</u>	<u>2017</u>
Cash flows provided (used) by:		
Operating activities	\$ (474,025)	\$ 445,468
Investing activities	(11,192,665)	1,889,978
Financing activities	(503,846)	(5,287,023)
Net decrease in cash	(12,170,536)	(2,951,577)
Cash, beginning of period	21,295,819	14,159,975
Cash, end of period	<u>\$ 9,125,283</u>	<u>\$ 11,208,398</u>

At March 31, 2018, we had cash and cash equivalents of \$9.13 million and highly liquid investments of \$46.4 million compared to cash and cash equivalents of \$11.21 million on March 31, 2017. For 2018, we believe that our available cash, combined with expected cash flows from operations and our held-to-maturity investments, will be sufficient to fund our liquidity and capital expenditure requirements through March of 2019. We also have a \$3,000,000 revolving credit facility and a \$9,000,000 acquisition credit facility available to us. Our expected short-term uses of available cash include the funding of operating activities, payment of income tax liabilities related to our sale of the Franchise segment and the payment of dividends.

Off-Balance Sheet Arrangements

We had no off-balance sheet arrangements as of March 31, 2018.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures designed to provide reasonable assurance that information required to be disclosed in our reports filed pursuant to the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance the objectives of the control system are met.

We utilize the Committee of Sponsoring Organization's *Internal Control – Integrated Framework, 2013 version*, for the design, implementation and assessment of the effectiveness of our disclosure controls and procedures and internal control over financial reporting.

As of March 31, 2018, our Chief Executive Officer and Chief Financial Officer carried out an assessment of the effectiveness of our disclosure controls and procedures as such term is defined in Rule 13a-15(e) under the Securities and Exchange Act of 1934. Based on this assessment, our Chief Executive Officer and Chief Financial Officer concluded our disclosure controls and procedures are effective as of March 31, 2018.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during the quarter ended March 31, 2018 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

1. I have reviewed this Quarterly Report on Form 10-Q of Western Capital Resources, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e)) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the small business issuer's internal control over financial reporting.
